

International Student Insurance – block travel insurance cover

Endsleigh has developed a simple and flexible partnership model which will allow you to provide an insurance service to all of your students, whilst maximising revenue opportunities under one scheme.

Insurance can be included within course fees, which would be paid by the students. This process ensures all students are insured compliantly.

Benefits of block insurance

- ✓ Endsleigh is able to offer highly competitive premiums per student, per week. These represent a significant saving on the price paid if a student purchased an individual policy.
- ✓ Peace of mind that all your students have the correct level of cover, are insured with one company and in the event of a claim you will only be dealing with Endsleigh.
- ✓ Strengthens your institutions overall proposition. Within the fees paid you are providing them insurance so they will not have to purchase this separately.
- ✓ Protection for your school's revenue. The fees paid by the student can be claimed back from Endsleigh as opposed to the school refunding these costs.
- ✓ Block insurance cover can provide a valuable revenue stream to your organisation.

How does the process work?

- You inform Endsleigh of the total number of cover weeks that you wish to purchase for the year.
- Endsleigh will agree a payment method with you for the year.
- You provide a monthly summary, detailing the number of student weeks used.
- Any over or underpayments will be corrected on at the end of the policy term.
