

English UK Campus Initial Training – BOOK NOW!

The following free online training sessions are for administrators, teachers and Directors of Studies who will be using the Campus to help subscribers make the most of this invaluable pedagogic tool.

MEC Basics: *This online training session is for any teacher who wants to understand how to use the EUK English Campus resources and tools with their students. The session includes site navigation, search tools, resources, courses, communication tools, teacher support materials and MEC blog. It also includes an overview of the pre-built courses that are available on the site, as well as a tour of teacher support materials and the teacher's view of the mark book. There is a question and answers session at the end of the training.*

Administration: *This online training session is for teachers and school administrators who will be responsible for managing user IDs, classes and courses on the EUK Campus. The session includes user management, class management, course management, course building, and a range of ideas for using MEC in your school. It also includes a demonstration of how to build courses on Campus with examples of how Campus can operate in your school. There is a question and answers session at the end of the training.*

Online training is by conference call and an online meeting, allowing the trainer to screen share with the participants and present the different areas of Campus to the participants. To join the online training, participants will need a computer with an Internet connection and a separate phone line.

If participants are calling from the same school, they are welcome to share a computer and use speaker phone to listen to the trainer, rather than using separate machines and phone lines. The link to the online meeting and the free phone number for the conference call will be sent out to participants the day before the training.
