Face-to-face online

Learn English online, face-to-face

At Stratford Teachers, we use the internet to teach English face-to-face. Our classroom is the world and our students are everywhere.

This means you can have lessons at times that are great for you and study the English you need for work, school and your future.

One 30-minute lesson on Skype or Google Hangouts followed by personalised, written feedback costs £20.

Tell us what you need and we will design lessons or a course to meet your needs.

We offer excellent discounts:

Get a 5% discount when you buy 5 lessons and 10% for 10 lessons. If you buy 20 lessons, we will give you a discount of 20%. That's 4 lessons for free!

Implications

What do teachers need to know?

They need to know what **digital learning** means, and they need to develop the confidence to understand and implement it in their classrooms

What do teachers need to know?

- Understand the dynamics of taking more responsibility for students' **out of class** learning experiences
- Focus more explicitly on what students access and engage with before the lesson, during the lesson and after the lesson

- Digital teachers are aware of and can direct students to use different learning materials, learning technologies, smart-phone apps, web resources and so on
 - Blended Learning
 - Mobile learning
 - Adaptive learning
 - Personalized learning
