[UPDATED AUGUST 2016]

Introducing English UK

English UK is the national association of English language teaching centres in the United Kingdom.

Our 450+ members are all accredited by the Accreditation UK scheme, which is managed by the British Council in partnership with English UK, to ensure high standards of teaching, management, facilities and care.

Our members include independent language schools, universities and further education colleges, international study centres, educational trusts and charities, and boarding schools.
