

Action research award scheme

Proposal form

Action research gives teachers the opportunity to investigate teaching and learning in their own classrooms. The starting point in action research is a local issue – a challenge, problem, area of potential improvement, or puzzle – that teachers want to examine systematically.

To apply, please complete all sections below and submit the form to: huan.japes@englishuk.com by midnight GMT on Monday 16 January 2017. Late or incomplete submissions will not be accepted.

Note: please read the submission guidelines before completing this proposal form

A: Researcher details

	Participant one	Participant two

D: Declaration

Declaration by researcher(s)

I confirm that all information in this proposal is correct and that I will agree to abide by the Cambridge English Language Assessment rules for publication/presentation of the results of this project. I also confirm that this research will not be used as part fulfilment for the requirements of a teaching qualification such as the Cambridge English DELTA, Trinity DipTESOL or an MA programme.

Declaration by academic manager(s)

I confirm that I have read and understood the submission guidelines and understand the workload for this research project. I am happy for my teacher(s) to attend the research scheme workshops; participate in the online tutorials; and attend the English UK Teachers' Conference. If their application is successful, I will discuss the research project with them and offer them suitable support, including additional time as required at key stages.
